FIRE INSPIRED™

# NEW PRODUCTS IN STOCK

## OUTDOOR KITCHEN ISLANDS

In 2023, HPC Fire Inspired acquired Galaxy Outdoor, a Las Vegas, NV-based outdoor kitchen island manufacturer. Now, we are proud to offer an expanded line of outdoor living features with which to improve your home. We are able to create any island to specification and offer consultation / design services. We will walk you all the way through the process!

With our new island manufacturing service comes another huge advantage: quicker ship times to the West Coast! We are excited to offer approximately 1 day transit shipments to AZ, CA, CO, NV, and UT, and 2 day transit to the remaining states in the West Coast territory. Contact your HPC Sales Specialist for more info!

## STAINLESS STEEL DRUM SMOKER

We are excited to introduce our newest addition to HPC's Outdoor Dining product line: the Drum Smoker! Featuring patented Vortex technology, this tall smoker allows for incredible cooking in large quantities. It utilizes a dual-vane intake system that distributes air throughout the hull of the cooker and exhausts out the top. Its height allows the user to prepare two different meals on separate racks.

Check out the drum smoker in action online:  
[hpcfire.com/drum-smoker](http://hpcfire.com/drum-smoker)

## UGO - the Universal Gas Orifice

Our new Universal Gas Orifice will change the way you do gas forever. Bridging the efficiency gap between natural gas and liquid propane orifice changes, the UGO is among the most exciting examples of HPC's innovative spirit. With it, we were able to cut the time it takes to switch gas types on a fire pit insert from 12 minutes to 19 seconds.

The UGO's value doesn't stop at orifice swap times, though. It prevents stocking problems before they occur and will be pivotal in saving time and resources in the office or in the field. All fire pit inserts will ship stock with UGO in 2024, and many other fire appliances will, too. Look for the "Equipped with UGO" sticker in the catalog or on your product box!

### Aluminum Fire Pit Bowl

Shown above with an SST  
Torpedo Burner!

# CERTIFIED FOR SAFETY

## Fire Pit Inserts

The proven leader in outdoor fire technology, HPC offers:

- More CSA-certified inserts than any other company
- Inserts in assorted sizes and shapes, including 36" and 42" square and 54" round inserts, as well as Penta burner, H-burner and linear designs
- Three CSA-certified technologies for all inserts: Match-Lit, Push-Button / Flame Sensing, and Remote Electronic Ignition
- Inserts that come complete with burner, pan and related electronics

**NEW** The SST Torpedo Burners yield an enhanced bonfire like aesthetic and the largest CSA Certified flame on the market.

Square Bowl Pan Insert

Square Flat Insert

Rectangle Insert  
larger size  
up to 90" x 16"

Penta Insert

Linear Trough Insert

## Patented Penta Burners

Blowout box protects from wind and rain. Newly designed vents for proper combustion, whatever the weather.

Innovative raised hub design – reduces unwanted water

Patented five-lobe design creates a taller center flame for a campfire effect

### More Penta advantages:

- Uses less fuel to attain same flame height as fire ring
- Burner holes engineered to give NO distinct burner pattern on low flame setting
- Low profile design requires less media
- Available with CSA-certified Electronic Ignition stainless steel flex line for easier, faster installation
- Designed to shed water – no clogging or valve damage

**CSA-CERTIFIED INSERTS  
ARE FULLY ASSEMBLED  
AND 100% BURN TESTED!**

# FLAME CONTROL

# THE GREATEST FLEXIBILITY IN THE INDUSTRY

Three certified technologies to choose from:

ELECTRONIC IGNITION

PUSH-BUTTON / FLAME SENSING

MATCH-LIT

Our electronic ignition is now available with Bluetooth® and our new, easy-to-use HPC Fire One app available now.

## Improved remote control electronic ignition

HPC has taken our electronic control module with thermocouple sensing to a higher performance level.

- Hot surface igniter – for natural gas or propane – provides stronger, more reliable ignition with longer life
- Internal temperature monitoring automatically shuts off to prevent overheating damage to the unit
- Flame sensing – automatically relights if flame blows out
- Remote control unit – optional with on / off model – offers high / low flame height adjustment and LED fire pit performance feedback

- Meets 2020 ANSI standards for safety redundant system and humidity.

- New smaller electronic ignition box allows for easier installation

**On / Off Models:** Provide on / off operation via a wall switch or optional handheld remote

**High / Low Flame Models:** Includes new remote with on / off functions, diagnostic fire pit feedback and high / low flame adjustment. Available with Bluetooth® control and our new, easy-to-use app for Apple® and Android™ devices

## Match-Lit Kits

For LP and NG applications. Includes burner, valve and key, flange, flex-line hose and fittings.

The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc.

Apple® is registered trademarks of Apple Inc.

Android™ is a trademark of Google Inc.

# LIFETIME WARRANTY BURNERS

## OUR BURNERS ARE UNIQUE – NOT TO MENTION BUILT TOUGH

### Fire Rings and Burners with Lifetime Warranty

Available in round, square, or rectangular styles with standard or high capacity flow.

- Staggered burner ports for more attractive flame pattern
- Raised hub reduces risk of water in valve or gas line
- Optional pans available for installation ease and containing media

SST Torpedo™ Penta Burner

SST Torpedo™  
H-Burner

Penta Burner

SST Torpedo™ Linear Burner

### Linear Push Button Fireplace Burner

Models Include – 27", 33", 51",  
63, 75, and 87" lengths.

# FINISHING TOUCHES

## ACCESSORIES FOR FIRE FEATURES

### Access Doors

Recessed or surface mount Access Doors provide easy access for Match-Lit and other manual systems.

- Simplify installation
- Overcome hard pipe obstacles
- Provide easy lighting and service

### Automatic Shutoff Timers

For outdoor use.

- Assorted styles and time ranges
- NEMA Box shown

### Stainless Steel Flex Lines

The widest selection for outdoor gas fire pits.

- Available in tranquil free, standard, high and ultra-high capacities
- Lengths up to 48"
- Whistle-free available

### Deck Install Kit

Basalt Fabric

### Covers

For covering copper bowls or outdoor fire pits

- Hammered, oil-rubbed copper lids in four sizes and shapes
- Lightweight, powder-coated, shallow covers in black or copper vein color for a clean, low profile look

### Glass Wind Guards

Surround fire / water features to reduce flame disturbance and prevent loose items from getting too close to flames.

Round up to 48"

Square up to 49"

Linear up to 67"

# TECHNOLOGY INNOVATIONS

## NEVER MISS AN ANNOUNCEMENT WITH THE HPC FIRE INSPIRED NEWSLETTER

### INTERESTED IN NEW PRODUCTS, PROMOS, SALES TRAINING OR SAVINGS ON PRODUCTS?

Everything that is going on at HPC delivered to your e-mail weekly. We showcase new products, tech talks, dealer portal promos and updated contacts so you have the most relevant information.

## HPC FIRE ONE APP

### EVERYTHING YOU NEED IN ONE APP

The new HPC Fire One App holds all the information from HPC Fire Inspired that you would ever need. The 3 apps we will be starting with from HPC are the Augmented Reality app, the HITS app and the In Connect app.

1

### HPC AR

The Augmented Reality app allows you to see our finished products in real-time to make sure the aesthetic and look are exactly what you need for the project. This app has been a big hit in the DIY community as well as contractors that want to make sure they are getting the correct fire pit or fire feature that they need.

2

### HITS

The HITS app is a building instruction, tools needed, clearance given, troubleshooting beast for anyone that has an HPC Fire feature or fire pit. Simply choose the product you are working with and let the app do the rest with step-by-step instructions for any fire pit build. It starts with tools and clearances needed and goes into the step-by-step instructions of how to properly install any HPC Fire fire pit or fire feature.

3

### HPC FIRE

The HPC FIRE app allows you to control the electronic ignition-High-Low models. This app allows for the kind of control you would find on a high-end sports car on your fire pit. The HPC FIRE app does a lot more than just light your fire, it allows you to change the flame height from high to low and capitalize on the ambiance you want, it allows for parental controls by password protecting the fire feature.

### DOWNLOAD THE APP TODAY

## CUSTOM FIRE PIT CONFIGURATOR

Our new fire pit configurator, coming 2024, will walk you through every step in the custom designing process. From pan shape to ignition style, each section of the configurator will use interactive data entry fields and provide a visual response. When your configuration is complete, it will produce an interactive 3D model, as well. Watch out for our configurator in 2024!

- 1 Pan Shape — 2 Burner Style — 3 Ignition Style — 4 Gas Type — 5 3D View

### Step 1

#### Bowl Pan

Yes, Use bowl pan  No, Use flat pan

#### Select the shape of the pan

# OUTDOOR KITCHEN ISLANDS

## STOCK ISLANDS

These prefabricated islands are plug and play. These are some of the most common and popular island designs and can be finished with any material and can accommodate a variety of appliance brands. They all offer some combination of grill, storage, and prep space.

Can't find what you're looking for? Check the next page for custom options.

### The Defiant

A 6' straight island with a 5' raised bar on the right side.

### The Atom

A 4' outdoor kitchen.

### The Arc

A 6' by 5' outdoor kitchen.

### The Ion

A 6' outdoor kitchen with more countertop space than the Atom or Satellite.

### The Satellite

A 5' outdoor kitchen.

# CUSTOM ISLANDS

# CUSTOMIZABLE OPTIONS

Our kitchen islands are also available as custom designs. Our team can help you visualize and design the perfect compliment to your outdoor living space. See our wide variety of custom island components and finishing materials to start planning your dream kitchen today! Note: our islands can be built to accommodate most appliances.

# FORNO DE PIZZA HYBRID OVENS

**WARNING!**  
Only use doors when gas is completely OFF!  
If gas is ON and door is closing even opening gas will build up inside the oven.  
Leaking a very unsafe operating condition for the oven, possible air explosion.  
Door is HEAT! It may cause burns if in contact. To touch door use wooden handle.

Forno de Pizza  
**ELECTRONIC IGNITION**

**LIGHTING INSTRUCTIONS:**  
IMPORTANT:  
GAS CONTROL

Forno de Pizza  
Quality wood gas hybrid ovens

# DON'T SACRIFICE FORM OR FUNCTION. EXPERIENCE BOTH.

## Forno de Pizza Ovens, a Hybrid Gas and Wood Oven

The Forno de Pizza hybrid oven was founded on the belief that some of our best experiences in life are spent with our friends and family. Cooking together with fire brings a powerful connection to the foods you're sharing. The Forno de Pizza honors timeless styling cues from ancient Greece while marrying it with modern conveniences. Designed to cook more than just pizza, the Forno is an oven for the food enthusiast.

**Finishes** Go to [HPCfire.com](http://HPCfire.com) for all finishes and accessories

# DRUM SMOKER

## HPC Fire Smoker

The HPC Fire Inspired Stainless Steel Drum Smoker utilizes patented vortex technology to evenly smoke and cook food to perfection. Its unique design also maintains temperature better and burns wood more efficiently than competing smokers, allowing for up to an 18 hour cook time on one bag of lump charcoal. Furthermore, its tall, cylindrical design allows its user to smoke multiple food items, employing a two-rack internal structure.

Vortex technology is characterized by a dual intake vane system. The side intake tubes bring air in, the interior vanes distribute the air, and it exits through the exhaust on top, allowing for a delicious, evenly cooked meal every time.

## With continued Innovation comes regular change!

At HPC Fire Inspired™ we are working on new products daily! We will keep you updated via e-mail blasts, social media and a web page that will have all new products as they are released. Sign up for the newsletter at [HPCfire.com/contact](http://HPCfire.com/contact).

# MORE MEDIA CHOICES

## Outdoor Logs

Three new styles of high-performing, refractory fire logs are now available. Cast from actual pieces of wood, our outdoor refractory logs deliver unmatched realism and detail. Long-lasting and much more resistant to breakage, refractory logs fit linear, H-burner, square and round fire pits.

Arizona Weathered Oak

Aspen Birch

Western Driftwood

## Lava Rocks and Stones

Lava rocks provide a base that increases combustion efficiency.

Lightweight black and multicolor river rocks withstand outdoor elements beautifully.

Rolled lava stone provides a smooth finish.

## Decorative Glass

HPC has 10 colors to choose from – The glass shown - is 1/4"

## Safety First. Safety Always.

Safety overrides everything here at HPC.

- Our products are designed, tested, and CSA-certified for safety
- Our NFI®-certified staff are schooled in the highest standards of hearth safety protocols
- We offer a single source of family-safe fire features at [HPCfire.com](http://HPCfire.com), with the latest safety updates on hearth products and tutorials on safe hearth practices

Safety isn't an option at HPC. It's a mandate that overrides everything, to give you the greatest peace of mind.
