### TREE-STYLE

# IGNITION SYSTEMS

Whether for personal convenience to meet building / safety codes, we have a range of ignition systems to fit your needs.

## PUSH BUTTON IGNITION

The same as a Grill Igniter, the Push Button Ignition is simple to operate and cost-effective.

## MERCURY IGNITION SYSTEM™

Delivers an outstanding 240,000 BTUs of Gas Output at a remarkable price. No Electricity Required. Safety Shut Off.

## PLATINUM IGNITION SYSTEM™

24V Electronic System with 680,000 BTU delivery. Innovative, robust design and coupled with the WATERSTOP® Fitting, the Platinum Ignition System™ delivers superior reliability.

# CUSTOM FIRE FEATURES

TO FIT ANY PROJECT

**WHATEVER YOUR VISION, WE CAN BRING IT TO LIFE.**

Custom designs can range from something simple (e.g., a longer version of a standard linear burner) to very complex (e.g., burners to fit a vertical feature). The vision might be unconventional in placement such as in-ground or at the edge of a pool.

No matter the concept, creating your next custom fire feature doesn't have to be complicated. Any vision can easily become a reality with Warming Trends' design expertise and unmatched manufacturing capabilities.
